Mr. E. D. Echols  
Director of Personnel  
Central Intelligence Agency  
2430 E Street  
Washington, D. C.

Dear Mr. Echols:

Recently, [REDACTED] of your staff attended the Disaster Recovery Course we give at the U S Army Engineer School. At that time it was indicated that your agency could probably provide material of interest to the class on the Russian Disaster Recovery Program.

We should greatly appreciate your making available a member of your staff as a guest speaker on this subject to address our next class on 8 August 1961 in the Disaster Recovery Course. [REDACTED] would be especially welcome as the speaker. Guest speakers are an important part of the instruction at the Engineer School since they impart to the students the experience of experts in the chosen field.

A suggested scope for the presentation is contained in inclosure 1. Attendance will consist of approximately 40 students in senior military or civilian capacity. Our representative, Major Donald R. Hauck, is prepared to arrange training aids, transportation, and other administrative support. He can be reached on code 192, extension 2-7195 for this assistance or further information.

Following the presentation a luncheon is planned for the speaker at Mackenzie Hall, Fort Belvoir.

Sincerely yours,

1 Inclosure
